Please note numbers are limited to keep us all safe!

Please follow this guide in all of our groups and services.

Note; we have limited space for buggies and for health and safety reasons buggies cannot be brought into groups, where possible please leave your buggies at home. We recommend bringing a buggy lock with you to centres with outdoor buggy bays.

Please arrive only 10mins prior to the group start times. Doors will open at most sites 2 - 5mins prior to the start time for sign in

Mobile phones should be turned to silent or switched off during groups and handheld computers should be switched off. If you would like to take a picture or video of a special moment, ask a member of the team.

You remain responsible for your children at all times.

We provide water in all groups. (Due to allergies, we are unable to agree to families bringing their own food or snacks)

You are responsible for all personal belongings.

There is an expectation that everyone helps to tidy up.

FREE RELATIONSHIP COURSES

Families in Harrow can access more support through challenging times thanks to a range of online relationship courses designed to help parents, whether they are together or separated.

As part of its ongoing commitment to reducing parental conflict in Harrow, Harrow Council has commissioned relationship charity One Plus One to provide access to three evidence-based digital courses for families with a child/parent that lives in Harrow.

Families will be able to access three online courses:

- **Me, You and Baby Too** – designed to help new and expectant parents cope with the changes that could happen in their relationship when they become parents and learn how to cope with stress and conflict constructively.
- **Arguing Better** – designed to raise awareness of the impact parental conflict can have on children and help parents develop better ways of managing stress and arguments together.
- **Getting it Right for Children** – designed to support separated parents, helping them to avoid the harmful situation of their children getting caught up in the middle of their conflict.

There is a wealth of evidence demonstrating the long-term negative effect parental conflict can have on the development and wellbeing of children. The past few years have seen families forced to face new challenges, increasing stresses in the home and creating a climate where conflict could be more likely to occur.

Register for any of the FREE courses above at www.oneplusone.org.uk/parent-resources-for-england
